Subject: Your Advertisers

I wanted to take the time to share an experience I just had with one of your advertisers, Lambert Enterprises (led lights). I ordered a set of tail lights for my 33 Chev the first time I saw them in Street Rodder (6-7 years ago), I was pleased with my investment. About a year ago a fellow street rodder had them in his car & explained that I may have not grounded mine properly. It was about 2 weeks ago I finally got around to taking them a part & called Lambert Enterprises to ensure I was doing everything right. Ron Lambert got on the phone & asked me to send them to him so he could have a closer look. He had them back to me in just over a week from the time I sent them & with no invoice! They are working better then ever, I would highly recomend Lambert Enterprises & their products. Even if a customer screws them up after 6-7 years to repair them at no charge, is truly standing behind their product & customers. Thank You Lambert Enterprises, from a very happy customer.
